Japanese Engine, Inc. is your one-stop shop for high quality, low mileage engines and transmissions and vehicle servicing.

Apart from Japanese engines and transmissions, we also stock, sell and install those from US, German, Korean and other motor manufacturers.

Don't know if we can help you? Call us on 210 646 6688 or email: steve@japanese-engine-usa.com and ask.

If we don't have it, we'll do our best to find it for you!

Our local supply network is extensive and spans San Antonio and the entire United States of America.

We also import engines and transmissions from the Far East, South-East Asia and the Middle East and export to Africa. While this is largely to satisfy our wholesale customers' needs, we will gladly import individual orders, by special arrangement.

Speak to us. If we can do the deal, we will!
